**The only way you can see the *real stars* of Australia’s musical theatre is to go to a musical right?
*Wrong!...***

Book "The Leading Men" for your next corporate, charity, wedding or private event and your audience will be thrilled and entertained by some of the biggest names in Australian musical theatre! A powerhouse of talent, these four charming, charismatic and award-winning performers has each played several ‘leading roles’ in the worlds’ most popular musicals both in Australia and on the international stage. If you’ve been to a musical in Australia, chances are you’ve seen one, if not all of them.

Featuring all the Broadway showstoppers from musicals such as Les Miserables, Phantom of the Opera, Jesus Christ Superstar, Beauty & the Beast, Guys ‘n Dolls, Spamalot, A Chorus Line, Singing in the Rain, Wicked, Evita, Mamma Mia, Cats, Annie, Hairspray and a list that goes on...

Sophistication all the way from their white tuxedo jackets to the red roses on their lapels, they've been compared to suave European opera act ‘Il Divo’. In keeping with that style, a show highlight is a medley of hits celebrating Australia from "I still call Australia Home" and "Waltzing Matilda" to "Working Class Man" by Jimmy Barnes - sung in Italian!

"The Leading Men" have performed hundreds of shows for Royalty, heads of state and celebrities from all industries and left them all wanting more!

The show can be further enhanced with the inclusion of an elegant, beautiful and equally talented “Leading Lady” and feature poignant duets such as "All I ask of you", "The Prayer" and "Time to Say Goodbye" in addition to some of the best female solos from Broadway's most loved musicals!
